INTRAMURAL SPORTS
GOLF TOURNAMENT RULES
2009 – 2010

USGA Rules will govern play unless amended by local course rules or Intramural Sports modifications.

1. Each Men's, Women's, or Co-Rec team will compete in one of three divisions: Student, Faculty/Staff, or Alumni. Both members of a team must be eligible to participate in the designated division of play.
2. To facilitate play, carts will be required.
3. Men will play from the **White** tees. Women will play from the **Red** tees.
4. Each team will be paired with another twosome team.
5. Participants will play a 2-person scramble format for 18 holes of golf. Each player will hit his/her tee shot to begin each hole. The team will choose the best shot and each player will hit his/her second shot from that spot. This format will continue until completion of the hole and a single score for that hole is recorded. Upon completion of the round, the 18-hole total will be the team's overall score.
6. A minimum of 5 tee shots must be used by each player on the team. Make a note on the scorecard to indicate whose tee shot was used on each hole.
7. All putts must be holed out. No gimmies.
8. The holing of any shot constitutes the end of the hole for that team and the score at that point becomes final. This situation typically becomes an issue when a team having a particular putt has a player miss the putt and decided to putt out before the second player has an opportunity at the original putt.
9. Each participating team must mark the spot of each selected shot with either a golf tee or divot repair tool. At that time, both members of the team may lift, clean, and place their golf ball according to the stipulations below.
 - A. **Fairway:** The ball may be placed one club length from the spot of the selected ball no nearer the hole. When placed, the ball must remain in the fairway.
 - B. **Rough:** The ball may be placed one club length from the spot of the selected ball no nearer the hole. The placement of the ball may improve the team's stance, swing, and line of sight but must not be placed outside the one-club length limit. When placed, the ball must remain in the same cut of rough that the selected ball came to rest in.
 - C. **Hazard:** The ball may be placed one club length from the spot of the selected ball no nearer the hole. The placement of the ball may improve the team's stance, swing, and line of sight but must remain within the one-club length limit and remain in the same hazard the selected ball came to rest in. In regards to sand traps, the trap may be raked before placement of the ball.
 - D. **Putting Green:** The selected ball may be placed one putter-head length from the spot of the selected ball no nearer the hole.
10. Please play "ready golf." No practice putts after the hole.
11. Keep the score of the other team in your group along with your own team's score. At the completion of play, each team must sign and attest their respective scorecards and submit them to the Tournament Director. Each scorecard must have the signature of the scorer as well as a signature from the participating team.
12. Out-of-bounds are marked.
13. No Mulligans are allowed.
14. In the event of a tie in score, a hole's number will be drawn at random and the team recording the lowest score on that hole will be declared the winner. In the event the score is still tied, a progression will begin from that hole until the tie is broken. For example, if hole number 6 is drawn and the score is still tied, scores on hole number 7 will be used to break the tie, and so on.
15. CRI staff members will patrol the course to monitor play.
